

« Together we are stronger !
Small, medium or large, we often face the same challenges.
Training, hiring, resource efficiency, security, energy,
software, infrastructure... »

Michèle DETAILLE - Administrator
ALIPA Group

Since 2015, we understood that joining forces for common projects and being part of the Wiltz Circular Economy Hotspot initiative is a real business opportunity for all our companies.

- Encourage the application of circular economy principles
- Ensure a good environmental quality
- Increase the impact on economic performance
- Improve social conditions
- Promote well-being to all and add value towards a multi-sector growth
- Improve attractiveness in the region/local framework

We invite other companies to embark on our transition towards a circular economy and other strategic developments of Wiltz.

« After several collaborative meetings, our relationships with the other companies have been strengthened with new knowledge and new ideas that we are trying to put into actions.
From production of renewable energies to energy saving through reuse. We are proud to bring the collegial relationships of a firm anchored in Wiltz for 100 years. »

Ed OESTREICHER - General Manager
Peintures-Décors OESTREICHER

In 2016, all companies in ZAS and Wiltz signed a common charter confirming the same philosophy, project principles and ambitions.

ACT AS A TEAM

- Get to know each other
- Develop mutual support
- Identify synergies
- Organize workshops
- Encourage networking

Build
TRUST

FOR COMPELLING RESULTS

- Purchase of green electricity, gaz, water
- Materials/service sharing
- Resource efficiency
- Training of employees
- Development of common spaces

« Sustainability is not a box we just want to check. We believe the future is good, healthy, safe, beautiful with enough for everybody. And the way to get to that good future is **doing good not just alone but together.** »

Anne-Christine AYED - EVP Research, Innovation, Environment
 TARKETT

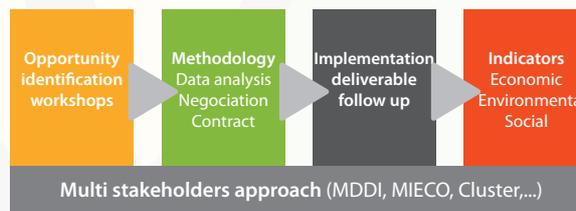

Employees of all companies are involved at different levels, contributing to the success of our circular methodology. Our methodology is founded on sharing of knowledge and resources.

We are engaged in our daily work and life with a circular economy mindset.

PHASE 1 - GOVERNANCE

PHASE 2 - METHODOLOGY

« The diversity of our zoning companies has emerged as a force for sharing best practices, pooling resources and developing tailor-made solutions. Sure, together we are stronger. »

Fabienne BOZET - Chief Executive Officer
 CIRCUIT FOIL

We have developed a secured internet site as our co-working platform to communicate with news, articles, documents, press release,... and to share on all initiatives.
